*"A" note from the president:*

Greetings Everyone,

What a January we've had in terms of weather! As February approaches, we're slowly headed toward Spring, which means our tune up and touring season's are on the horizon. If anyone has any ideas for tours, don't hesitate to contact Daric to discuss and get on the calendar.

Speaking of tours, we had a great tour on Friday, January 17th, to Farber Specialty Vehicles in east Columbus. Nine club members attended and we were guided by Harry Spieker of Farber through the production facility. Not only are the vehicles Farber modifies and builds unique, but the talented craftsmen working on the projects possess fabrication skills that would make anyone envious.

Due to canceling our January Tech Meet because of the weather, Rick will lead us through gas tank removal at the March Tech Meeting. Please plan on attending our Club Dinner on February 5th, at Kissho Asian Bistro and Sushi Bar (details below).

One other note.....this issue of the Scuttlebutt is the first of 2014, to include a Lady's Page as well as the new "Member Spotlight" column. Our first Spotlight victim (oops, subject) is none other than Tim Teegardin.

Thanks everyone for your support of the club, and let's hope the February weather is a little more kind to us.

Dan

## Custom Coach Tour – Or “How Many Model A’s Fit In That?”

The day dawned without snowing and so nine brave Scioto Model A's took in the Farber Custom Coach work – then lunch at Applebee's. That's when the snow did come down.

They created their reputation by building quality wooden boats able to withstand the harsh waters of Canada's lakes and rivers. In 1959, the company relocated to Plain City, Ohio, and was renamed Skiff Craft. There, veteran craftsmen of local Amish and Mennonite communities custom build each exceptional Skiff Craft boat using their time-honored woodworking skills.

## Scioto Spotlight – The Teagardens'

Tim and Maggi were early members, also

This month's Member Spotlight is on Tim Teegardin, a member of the Scioto Model A Ford Club since 2000. Tim is a graduate of Cal Poly Tech with a Master's in Turf Grass Technology. He's had a love affair with old Fords since childhood, and over the years has owned two Model T's and twelve Model A's.

Among the Model A's that Tim has owned, there are many interesting stories and historical facts, including the '29 Roadster he received as a High School graduation gift. Add to this, a '29 Fire truck, a '28 Tudor known as "Blueboy" (Tim still owns it), a '29 stand up Milk Truck, a '29 Huckster and a '29 Touring just to name a few.

Tim and his wife Maggi have been married 49 years and have two sons, Marque and Tilor. Both Tim and Maggie, as well as Tilor, are very active in the club. The next time you see Tim, be sure to ask him about the history behind several of his Model A's.

## Scioto Society Page – The Model A Ford Club Women's Page

The ladies have arrived! It is going to be so much fun to have a corner of the Scuttlebutt to share with the wonderful women of the Scioto Model A

Club. So many of us for years have read the latest musings of what goes on, keeping our men's schedules straight for meetings, tours and events..

plus all the many bumpy trips we have ridden along on, sometimes freezing and some times burning up..but it's all been worth it when I think back on all of the memorable times that have been created!

More memories are going to be made in the upcoming year. With the help of Karen Szakelyhidi we are hopefully going to have some events that are geared to the ladies of the club. More details later, but all of the ladies are a part of this club, and any and all ideas are more than welcome, so feel free to contact either of us with your thoughts. Let's have a fun year!

Jaci Rohner
