“A” Note from the President

Happy Fall Everyone!

What a great month October turned out to be. Our Tech Meeting was unique in that Dave Diever visited with us to offer up some original Model A parts and Mark Hagans made a great presentation on collectible car values and appraising. If anyone went hungry, shame on you. You must have shown up late.

We also had two new members join us that evening. A big welcome to Stan Prior and Brian Tucker. Brian recently purchased a Model A truck and I'm sure he'll have plenty of questions for the membership.

Next year I'll be serving as the Tour Director for the Club as I hand over the presidency to Chip Stout. Our Tour Committee consisting of Karen Szakelyhidi, Steve Rohner and me, have come up with some great tours and visits that will allow us to drive our Model A's and get maximum pleasure from the experience. I will share the 2015 calendar with the Club at the January Tech Meeting.

Be sure to give Shirley your feedback on the new Scuttlebutt format as well as any news items pertinent to the Club. AND.....don't forget to contact me regarding our upcoming Christmas Party! Time is flying by and I need your reservations as soon as possible. *Dan*

Mileage Time

The Touring season for our Model A's winding down....nothing more scheduled except the Vets Day Parade. For those in the Club mileage program, we need your odometer readings now in order to procure the awards for presentation at the Christmas Party.

Please send your current odometer reading to ellis.kauffman@yahoo.com, or by phone call to Ellis at 614-882-3727. Any additional miles you may drive this year will be included in your 2015 miles.

If you are not currently in the Club mileage program, and would like to participate, just send Ellis your current odometer reading.

Fall Fun on the Farm—October Family Meet

Fall fun on the farm became a “frost-bite” run when the weather man proved his inability to predict with any degree of accuracy. Still, approximately 35 people, including 11 children appeared for a day of fun. Most members sought refuge from the elements in their modern cars, however there were 3 “A’s”, including the brave? Doherty’s with their top down and passengers in the rumble seat.

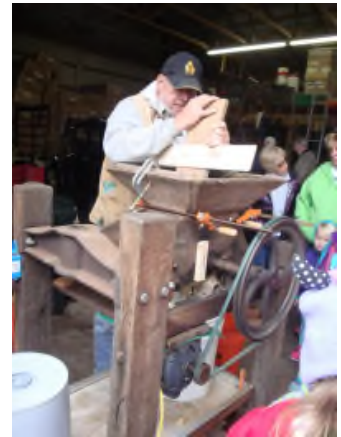

First stop was Battelle Darby Nature Center, where the bison were off in some distant pasture where they could be viewed only on “bison-cam.” The children enjoyed the display of pelts of various animals and the living stream and other interactive displays.

After a drive to Der Dutchman—in the rain and hail, we managed to warm up and stuff our tummies before heading to the farm of Rosanne and Monroe Harbage. Those of us who brought apples watched as Monroe and his family ground the apples into pulp then placed them into the old-fashioned apple press. The result was tasty cider. Tinkerbelle, their donkey “went on strike” after one short aborted cart ride. We got to visit the chicken barn and see where all of those wonderful eggs we have been eating come from.

Spotlight member :

Monroe Harbage

This month's Spotlight is shining on Monroe Harbage, a 16 year member of our Club. Monroe's love of classic autos (especially Fords) began many years ago and has grown to four collectibles, including a 1930 Coupe with rumble seat, a 1931 Tudor that he purchased in Colorado, a 1923 Model T Touring and a 1925 Model T Physician's Coupe.

A graduate of Jonathan Alder High School in Plain City, Monroe attended The Ohio State University where he earned an Bachelor's Degree in Agriculture and a Master's in Administration. Monroe's career has included working as a County Extension Agent as well as teaching vocational agriculture classes for 19 years. This was followed by moving into education administration and serving as the Principal of Grove City High School. His "retirement" is being spent overseeing the family farm and working as a full time substitute, teaching vocational subjects at Polles Vocational School.

Monroe and Roseann recently celebrated their 50th Wedding Anniversary and are the proud parents of three daughters (Daphne, Tracy and Jennie) as well as the doting grandparents of three grandchildren. Monroe states that their two oldest daughters grew up in the back of a combine and in the cab of a tractor! Roseann is a graduate of nursing school and followed the nursing profession until the arrival of their daughters. Once the girls were old enough, Roseann began a 20 year career as a school cook.

Monroe and Roseann represent the hard working foundation of our Club and our great nation. Thanks both of you for all you do. And by the way, if anyone needs wonderful eggs, let Monroe or Roseann know.....they're the best!
