“A” Note from the President

So sorry I missed everyone at the dinner in Westerville. I'm sure Dan and Kathy did a great job finding a good place to eat. I hope everyone had a good evening. Thanks to Dan and Kathy for their planning.

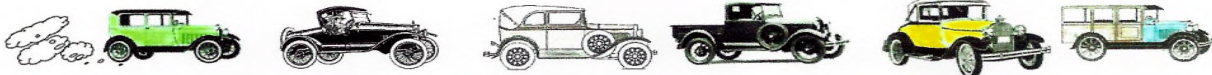

We had a bit of a surprise when we had to cancel our Valentine's brunch, due to the restaurant closing unexpectedly. I know Karen tried very hard to plan a nice brunch, but sometimes these things happen. Thank you Karen for your efforts.

Our scheduled events continue in March with our monthly meeting at Rick Lindner's garage. John Moore will have a presentation on MARC, and discuss some of the benefits in joining our national parent organization.

Our tour for March will be in modern cars. We will travel to Entertainment Junction in West Chester Ohio, near King's Island. If you have never been, you are in for a treat. Bring the whole family and the grandkids. See details in this newsletter.

Hope to see you at one of these upcoming events. It won't be long now, we will be having our spring tune ups and getting back on the road.

John

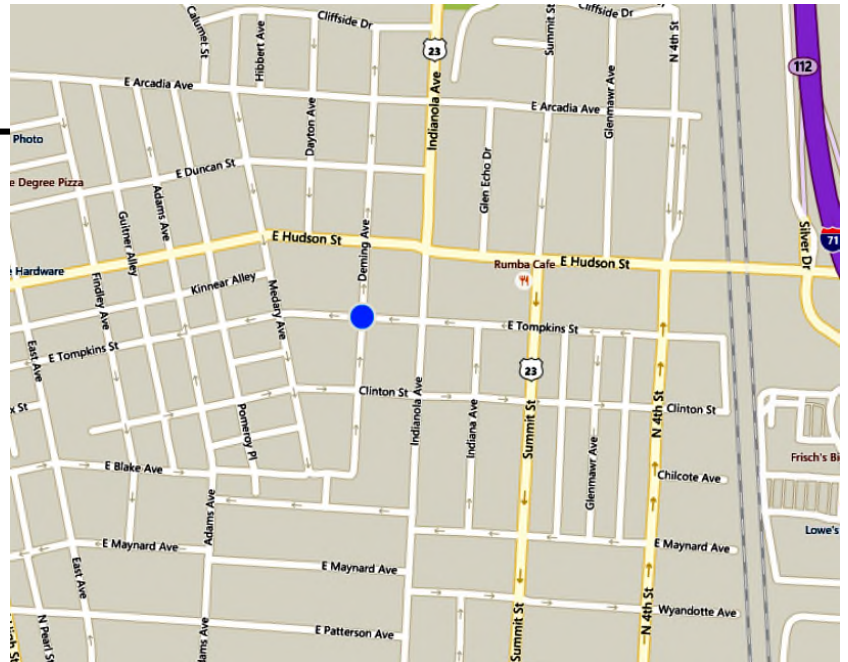

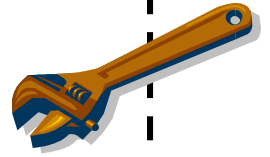

Tech Meeting

Date: March 2, 2016

Place: Rick's Ford Garage 259 E Tompkins, Columbus

TOUR

Date: Saturday March 19

Location: Enterainment Junction 7359 Squire Ct West,
West Chester, OH 45069

Time: 10:15 AM arrival

Details: We will travel separately, and meet at the location at 10:15 am please do not be late.

We will start our behind the scenes tour promptly at 11am sharp.

Admission fee is **\$13/person, if we can get 30 or more people.** I will need to collect your admission on site, and pay one fee for all of us, please bring cash.

Enterainment Junction is the train around your Christmas tree gone wild.

This is the largest model train layout you will ever see. The display depicts accurate recreations of classic scenes from three time periods; the American civil war, the 1950's and the future. Scenes include many trains operating throughout, and even include a two-story waterfall.

We will also be given a behind the scenes tour, to see what it takes to bring one of the world's largest model railroads to life. Bring the grand kids, you will not want them to miss this. There is plenty to keep us all entertained for hours.

Lunch is available in the onsite cafe, or at one of many restaurants in the area.

There is also a model railroad store onsite, and a funhouse for anyone so inclined.

Separate admission is required for the funhouse.

RSVP : to John Baker, 614-370-5453 or email me jbaker1930@gmail.com **before March 4th**

If you are interested in going. I will need to give them a more accurate head count to insure we have enough interest in the behind the scenes tour.

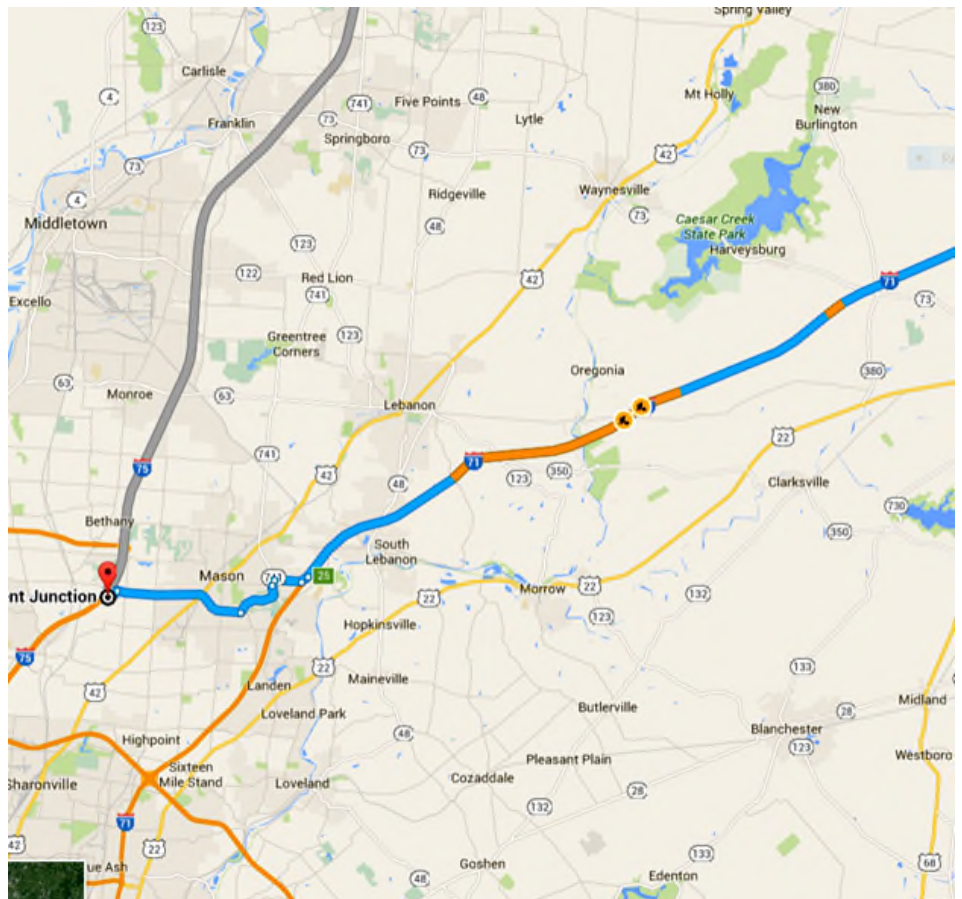

**Drive will take approximately
2 hours.**

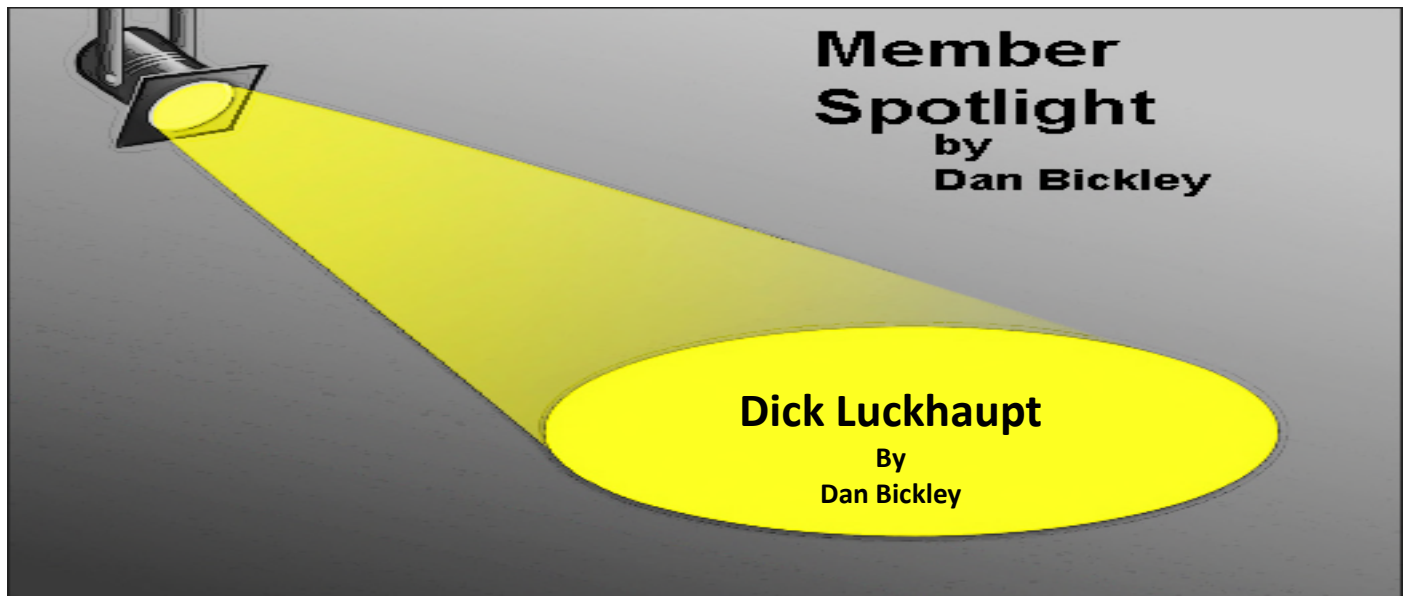

**I-71 South to Exit 25 West/
Kings Mills Rd in Mason**

Left on Fairways Dr. in Mason

**Left on Kings Gateway in
West Chester**

**Right on Squires Ct. to
Enterainment.
(6.9 miles from I-71)**

As March approaches and brings the promise of Spring, it only makes sense to shine the spotlight on Dick Luckhaupt, a club member who has the ability to brighten any meeting or tour. Dick and Barbara have been married 63 years and raised four children. Add to this five grandchildren and fourteen great-grandchildren and we have the makings of several new Club members in the coming years.

Dick has been a member of the Scioto Model A Ford Club since 2008, as well as belonging to the AACA since 1976. Over the years, Dick and Barb have toured all over the United States with VMCCA and AACA, as well as participating in almost every event and tour our club has sponsored.

Just like the rest of us, Dick appreciates the history and pedigree of classic automobiles. Over the years, he and Barb have owned many Mustangs, Camaros and Corvettes. However, Dick's fondest memories take him back to his 1934 Pierce Arrow as well as his 1935 Desoto Business Coupe. Both cars have been in his stable for forty years. In addition to these, is a 1931 Pontiac that he's had for over thirty years. (Did you know that Dick sometimes paints his hat to match his cars?)

Dick is a graduate of Aquinas College High School, an all boys school whose buildings later became Columbus State University. After graduation, Dick began a career as a sheet metal worker in the Central Ohio area, retiring in 1989. A great deal of his "off" time was spent working on custom cars—his and many club members.

Thanks Dick for your contributions to the Scioto Model A Ford Club and your participation in our tours

Announcements

MARC: If you haven't already paid your 2016 dues for MARC then you need to do it so that you don't miss receiving copies of their magazine. At the March tech meet John Moore will be giving a short talk on MARC membership for those of you who are not aware of our club relationship to MARC.

The Arthritis Foundation Classic Auto Show is scheduled for July 7th thru 9th so please save the date and bring your cars. This is the 34th year of this show and there will be some spectacular new events for your viewing. Most of you attend on Saturday only and you are missing out by not attending all three days. This year on Thursday the "rolling legends tour" will be going a short distance to see a private collection of over 100 restored cars, trucks, motorcycles, boats, buses and vintage campers which is a must see collection. On Friday there is a cruise-in with 100 six foot trophies awarded to the top 100 cars followed by a concert presented by "The Vandells" with many 50's, 60's and 70's favorites. Saturday, we will park in the same spot as last year and our cars will be judged and awarded trophies. The Saturday concert will again be Phil Dirt and the Dozers. I am again be looking for a big turn out from our club since we will be the sponsors of a "show within a show". Please go on ArthritisAutoShow.com and register. *John Moore*

Changes for the roster must be in my hands by the end of the February, or the roster will be printed with last year's information. Shirley
