'A' Note from the Presi-

As I write this there is snow on the ground and I am soooo ready for winter to be over. The Feb. tech meet was canceled due to the snow storm that morning and the poor road conditions. The safety of our members comes first.

I wish to thank your club officers as they have been busy these past two months. It was brought up that the by-laws have not been reviewed for seven years and there were sections that were outdated. We will present the proposed revisions to the club both at the March meeting and they are in this newsletter. A vote will take place at the April meeting on the revision

An inventory of club books, magazines, and VCR tapes has been made and we are working on having the VCR tapes transferred to DVD to save this valuable resource.

If you have never been here before, and even if you have, it is worth the trip. It is a display of incredible wood carvings in tremendous detail. (Think trains, with moving parts.) There is also a button collection and Indian Heads. They also manufacture and sell good kitchen knives. You will not be disappointed. Check out the website for more information.

Information changes

Now is the time that we are preparing to print a new roster. We need any changes in addresses, phone, addition of cell phone, email and Model A's bought and sold.

Please send any changes to the editor at sciotomodela@gmail.com or Dan Bickley, Secretary 740-965-6746 or bowser47@yahoo.com

NOTES FROM THE CLUB SECRETARY

There are three items to cover for the month of March.

1. The Officer's are looking for volunteers to lead a few tours in 2018. There are many interesting locations throughout Ohio that the Club has not visited in the past. Due to vacations and personal commitments, our Officer group can't be expected to lead and plan every tour. Please contact Richard, Allan, Jaci or Dan about helping out this year. We have plenty of interesting locations on hand and we'll be happy to help you plan your event.

2. A new and updated Club Registration card has been printed. Each member should carry a few of the cards in their Model 'A' in case an interested party wants to join the Club. I will have these cards on hand at all Club gatherings and I'll be handing them out.

3. In order to begin compiling and printing the new Club Roster, all dues for 2018, must be received no later than February 28. If you haven't submitted your dues yet, please mail them to:

They're-
Back

Remember the aluminum license plate badges we use to have? We have them again. Special thanks to Keith Kotchey (Ken's Szakelhydi's son-in-law) for his hard work making them. Ken gave a sample to Keith several month's ago. They are made of stainless steel, and can be mounted with rear license plate and look great.

If you are a new member, never had one, or, yours has just worn out, you can obtain them again. Cost \$5.
