‘A’ Note from the President

On June 24, we celebrated the 60th anniversary of our club. We had an excellent turn out of members and cars. I wish to thank Allan and the Commercial Point Men’s Club for the use of their facilities and for preparing the food. Great Job!

I hope everyone that attended had a good time. Photos will be posted both on Facebook and our web site in the near future.

Clark Garn will be happy to know that Henrietta will have a new home with Dan Bickley as Dan threw a fan blade on the way home. Dan if you need help repairing it let us know.

Watch your newsletter for information and deadline for the Christmas Party reservations. Allan will be posting information in the coming months.

Fun Stuff—

IF MY BODY WERE A CAR

(From the Depths of Cyberspace)

If my body were a car, this is the time I would be thinking about trading it in for a newer model. I've got bumps and dents and scratches in my finish and my paint job is getting a little dull, but that's not the worst of it.

My fenders are too wide to be considered stylish. They were once as sleek as a little MG; now they look more like an old Buick.

My seat cushions have split open at the seams. My seats are sagging. Seat belts? I gave up all belts when Krispy Kremes opened a shop in my neighborhood!

Air bag's? Forget it. The only bags I have these days are under my eyes. Not counting the saddlebags, of course.

I have soooooo many miles on my odometer. Sure, I've been many places and seen many things, but when's the last time an appraiser factored life experiences against depreciation?

My headlights are out of focus and it's especially hard to see things up close.

My traction is not as graceful as it once was. I slip and slide and skid and bump into things even in the best of weather.

My whitewalls are stained with varicose veins.

It takes me hours to reach my maximum speed.

My fuel rate burns inefficiently.

But here's the worst of it -almost every time I sneeze, cough or sputter..... either my radiator leaks or my exhaust backfires
