Cover Photo

This month's cover photo was taken on last month's tour to Coshocton, Ohio. It features a few of our Model "A"s along with the Monticello III Canal Boat which was docked on the Ohio & Erie Canal.

The Chief's Corner

Hello Everyone!

August is here and that means it's time for our club's yearly auction. The club auction, yearly membership dues and the 50/50 raffles that we hold throughout the year are the only sources of income for our club. Holding a club auction gives our membership a chance to clear their garages of unwanted items. It also gives other members a chance to pick up something they may need at a bargain price in addition to raising money for our club treasury. The club auction is a win for everyone. To participate, just bring your items to the August meeting. Items brought to the auction do not have to be Model "A" related. Some items sold in the past were bird houses, weed trimmers and gift certificates for cakes. This year's club auction will be held on the second Wednesday of August beginning at 7:00. We will hold a brief business meeting and then move directly into the auction. The meeting and auction will take place downtown at the Columbus Fire Museum located at 260 North Fourth Street. There will not be a meeting on the first Wednesday in August due to the MARC National Meet being held up in Dearborn, Michigan during that week.

In addition to the club auction this month, the club will also be heading down to Commercial Point to check out the Commercial Point Karting Classic. This is an annual event that has been held for over 50 years. Professional go-kart drivers race throughout the village streets reaching speeds over 80 mph. They have a special parking and viewing area reserved in the center of town just for us. We even get to take our cars on a parade lap around the track.

Wrapping up the month will be a tour up to Wapakoneta, Ohio to check out the Armstrong Air & Space Museum. This will probably be our longest tour of the year, but definitely worth the trip.

It may be the dog days of summer where everything starts to move a little slower, but as you can see, we are still going strong. See you on the road!

Allan

Our Next Meeting

DATE: August 14th, 2019
TIME: 7:00 pm
PLACE: Columbus Fire Museum
LOCATION: 260 North 4th Street
Columbus, Ohio
TOPIC: "Club Auction"

ADDITIONAL INFO:

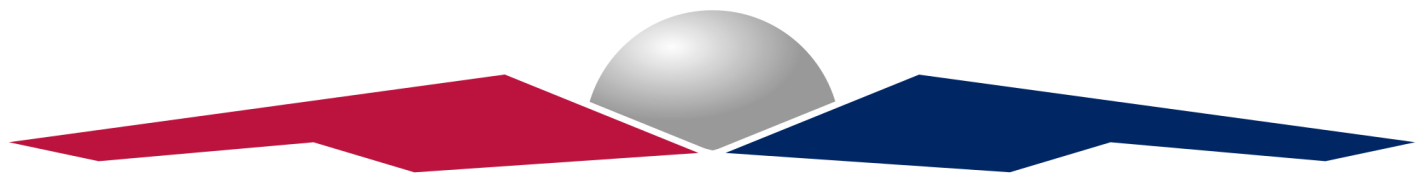

Be sure and bring a chair to sit on. Also bring along some items that you no longer want, but others may, and donate them to the club to be auctioned off. Items do not have to be Model "A" related. Anything that you think will sale is appreciated! All money raised goes directly into our club's treasury.

COMMERCIAL POINT *Karting Classic*

On Saturday, August 3rd, the club will be heading down to Commercial Point for the annual Karting Classic tour. This is not really a tour, just a short trip down to Commercial Point to see some racing action. Instead of traveling there together like we have done in the past, this year we will just meet at Commercial Point around 12:30 pm in the center of town. There will be a reserved parking and viewing area for us. Our club has been invited to do a parade lap around the track at

approximately 1:30 pm. The afternoon heat races will begin at 2:00 pm. Be sure to bring a chair to enjoy the event. Food and beverages will be available within walking distance of our viewing area. Since this is a street race, many of the village streets are closed. The best way to get to the center of town is to take State Route 104 south to State Route 762. Turn right (west) on 762 and follow the signs. The Karting Classic is the oldest street go-kart race in the country. Professional drivers from throughout the mid-west will compete on the village streets at speeds of over 80 mph. There will be a free concert after the races in the center of town beginning at 6:30 pm. This year's concert will feature Hard Day's Night, a Beatles tribute band that is sure to put on a great show.

Armstrong Air & Space Museum

On August 17th, Clark Garn will be leading the club on a tour to the Armstrong Air & Space Museum in Wapakoneta, Ohio. We will be departing from the Der Dutchman Restaurant in Plain City at 9:00 am. Admission is \$7.00 per person, children under 12 is \$4.00 and Ohio History Connection members are free. We could not be taking this tour at a more appropriate time since this year marks the 50th anniversary of the first manned space mission to the moon. This is sure to be a great tour that you don't want to miss!

Highlights of the July Meeting

Thanks again to Steve Rohner for taking the minutes of the July 10, Tech Meeting. Highlights of the meeting are as follows:

The meeting was called to order by Allan Goldhardt with a big "thank you" to Daric Galden for providing his shop, pizza and soft drinks as well as covering the evening's technical topic.

Allan gave the financial report in Jaci Rohner's absence.

Harry Spieker gave the group an update on this year's Arthritis Show. Six Model A's were displayed along with several from the Licking County area. 1,200 vehicles in all were present at a very nice show this year.

Many thanks to John Baker for organizing and leading the June 15, tour to Lebanon, Ohio, which included a train ride.

Thanks to Will Kennard for arranging our visit to Mount Vernon, Ohio for the Picnic with the Props. There were 14 Model A's and 30 members in attendance for this event. Our Club has been invited back in 2020!

New Business included the following:

- A. Port Columbus 90th Anniversary Celebration on Saturday, July 13, with special parking for our Model A's.
- B. Silent Movie Nights will be Thursday, July 18 and Friday July 19, at the Ohio Theatre. There is free admission for club members bringing their Model A's.
- C. The Roscoe Village canal boat tour will be on Saturday, July 20.
- D. The Commercial Point Go-Kart Races will be held on Saturday, August 3. For those bringing their Model A's, plan to meet at the center of town no later than 12:30. Be sure to bring chairs and be prepared to drive your A around the track during the driver's break.
- E. Jim Zimmer is in charge of the Repair Tent at the MARC National Meet in Dearborn on Tuesday, August 6. Jim could use some help, if anyone is available. Please contact Jim at (614) 353-8236 if you're interested in giving him a hand.
- F. The Club auction will be held on Wednesday, August 14 at the Firehouse Museum in downtown Columbus at 7:00 PM. Please bring car parts or any item you would like to donate to be auctioned off. This is our only fundraiser for the club.
- G. The August tour will be to the Armstrong Air and Space Museum on Saturday, the 17th. Our group will be departing the Der Dutchman restaurant in Plain City at 9:00 AM sharp. If there are any questions, please call Clark Garn at (614) 572-3682. Adult admission is \$7 per person and children under 12 is \$4.
- H. Allan Goldhardt received a call from the club president in northwest Ohio, asking if there would be any interest in our Club joining other Ohio Model A Clubs for a weekend get together in 2020, at a location in Ohio. More discussion to ensue at future meetings.
- I. In terms of the Sunshine Report, the Club sent flowers to Chip and Sharon Stout in memory and honor of their son Henry.
- J. Changes are coming to the Club website. It will be easier to click on the website and updated photos will be posted.

The Tech Topic for the evening, presented by Daric Galden, was "How to Properly Perform a Valve Job". Daric gave us a thorough explanation and demonstration of performing a valve job on your Model A. Daric stated that if anyone finds that their A needs a valve job, he is available to work on your engine and get you back on the road.

Daric also won the 50/50 Drawing!

Our next Club meeting will be at the Columbus Fire Museum for the auction on August 14 at 7:00 PM. The address is 260 North Fourth Street, Columbus.

The 2019 Scioto Model "A" Ford Club Points Race is underway. All club members are automatically entered into the race. You earn points by attending meetings and tours. Additional points can be earned by driving your Model "A" to our meetings, leading a tour, hosting a meeting, doing a presentation at a meeting, providing refreshments at an event or signing up a new member. If you make it to the end of the race by collecting 16 Points, you will receive a FREE Membership next year. Although we are past the halfway point of the race, there is still plenty of time to earn some points. So get out there and start accumulating those points!

July Tech Meet

Last month, Daric Galden hosted the July Tech Meet at his Henry Street Garage and Machine Shop in Ostrander, Ohio. Not only did Daric let us meet at his shop, he supplied plenty of good food, refreshments and also did a seminar on how to do a valve job on a Model "A". This was a great seminar and very informative for the membership. We had 35 people and 4 Model "A"s at the meeting. Thanks Daric!

Silent Movie Nights

The Silent Movie Nights were held last month on July 18th and 19th. Unfortunately, the weather didn't cooperate with us. As all of you know, it has been extremely hot. There were also some heavy rains and thunderstorms in certain parts of the city on Thursday night. I would like to thank the folks that went out in the heat and dodged the rain drops to represent our club at this wonderful event.

ROSCOE VILLAGE CANAL BOAT RIDE TOUR

Last month, on the 20th of July, our club took a tour over to Roscoe Village located in Coshocton, Ohio. Once again, the weather was extremely hot with temperatures in the 90's and a heat index well over 100 degrees. We had a total of 10 people on the tour with 3 brave souls driving their Model "A"s. Upon arriving in Roscoe Village, we had lunch at the Warehouse Restaurant. After lunch, we headed over to the boat landing and boarded the canal boat "Monticello III". We took a peaceful horse-drawn canal boat ride on a remaining portion of the Ohio and Erie Canal. While enjoying the ride, we learned about how the canal system was built and how it changed the lives of the early pioneers in Ohio forever. And of course, while heading back home, we had to make a stop for some ice cream.

Port Columbus 90th Anniversary Celebration

Our club was invited to participate in the 90th Anniversary Celebration of Port Columbus. The event was held last month on July 13th. We had six Model "A"s present throughout the day to represent our club. For the celebration, the public was invited to tour the original Port Columbus terminal. The art deco style structure was dedicated on July 8, 1929, built on a site personally selected by Charles Lindbergh, and served as Columbus' main airport terminal until 1958. The terminal was the eastern-most air "port" for Transcontinental Air Transport (TAT), often referred to as "The Lindbergh Line," which offered passengers a time-saving combination of travel by rail and plane from New York to Glendale, California, taking just 48 hours. The terminal is listed on the register of historic landmarks. Thanks to the efforts of Preserve Original Columbus Airport Terminal (POCAT), a volunteer group organized to save the aging terminal and tower, in 2016 funds were raised to remove mold, remove interior debris, and install a new roof. The non-profit Ohio Air & Space Hall of Fame and Museum (OASHOF) intends to renovate the terminal and property as its permanent home. A big "Thank You" goes out to our members that represented the Scioto Model "A" Ford Club and participated in this unique event!

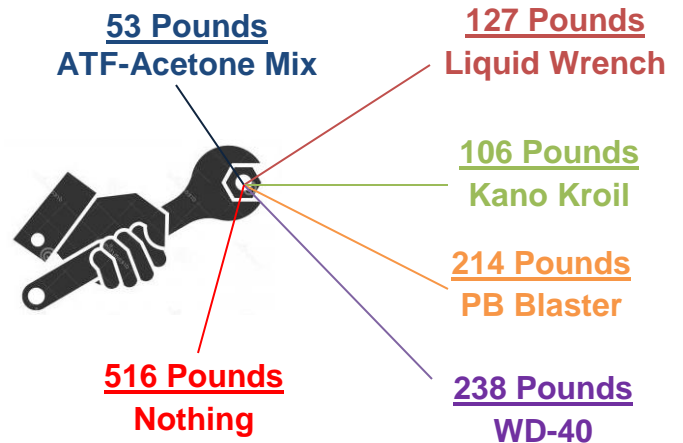

BACKYARD TECH TIP

A scientific test of penetrating oils from Machinist's Workshop magazine, where bolts were rusted artificially and equally, revealed the amount of torque needed to remove the nuts. Here are the results, with the price per ounce:

- Nothing / 516 ft. pounds**
- WD-40 / 238 ft. pounds / \$0.25**
- PB Blaster / 214 ft. pounds / \$0.35**
- Liquid Wrench / 127 ft. pounds / \$0.21**
- Kano Kroil / 106 ft. pounds / \$0.75**
- ATF-Acetone Mix / 53 ft. pounds / \$0.10**

ATF (automatic transmission fluid) with Acetone is usually mixed 50/50. Hope this helps with your rust relief!

By Charles Cheshire

“A” Word on Fashion

Men's Fashions

Edward the VIII was a major figure during these times for unusual male fashion. He is seen in short, baggy knee pants known as “Plus Fours” along with a round-necked schoolboy sweater.

Underneath he was wearing a white butterfly-collared shirt with a black tie. On his head he was wearing a “grandpa” style hat.

Both men and boys wore full three-piece suits during this time when attending formal occasions such as weddings. Similar to present day, these were made with broader shoulders and a more masculine-looking pattern than in earlier years.

The alternative was usually something along the line of a sweater vest and knickers or trousers. These were also popular in the 1920s as well.

Presenting
The
FLAPPER of the **MONTH**

This month's "Flapper of the Month" features Greta Garbo. This photo is from the 1926 silent film "Flesh and the Devil". Born Greta Lovisa Gustafson in 1905, Garbo grew up in a Stockholm slum and happened into acting after a film director discovered her in a local department store. By 1930, the "Swedish sphinx" had become an icon of the silver screen. In 1941, at the age of 36, Garbo announced a "temporary" retirement; it would last 49 years, until her death in 1990 in Manhattan, where she lived by herself — she never married and bore no children.
