Last month, Steve & Jaci Rohner led our club on our final tour of the season. They led us up into Union County for our annual fall tour. As we rolled through the countryside, we got to enjoy a beautiful fall day and see quite a few covered bridges. This was a very nice tour with another great turnout by the membership. We had 11 Model "A"s and 35 people make the tour. I would like to personally thank Steve & Jaci for leading that tour.

Now that November is here, it's time to close the book on the 2019 touring season. But before we tuck our Model "A"s away for the season, we still have one more event to go. Although it is not a tour, it is an event that our club has been doing for quite a few years. That event is the 2019 Veteran's Day Parade which is held in downtown Columbus. The parade is held on a Friday, which means that some of our members will be at work. For those of you that are retired or just happen to have the day off of work, I ask that you please consider participating in this parade. This is one of the most important events that the Scioto Model "A" Ford Club does. Over the years, we have had very good turnouts and I hope to continue that club tradition. This parade gives our club an opportunity to show our appreciation and respect to our country's veterans. It also provides us a chance to showcase our cars and bring recognition of our great club to the people of central Ohio. There is always a big crowd on hand to watch this parade, so let's not disappoint them.

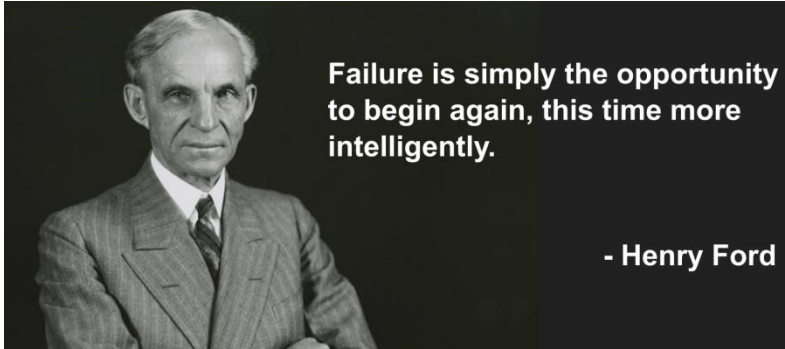

Finally, I would like to remind everyone that our Christmas Dinner Party is just around the corner. This year it is being held on December 7<sup>th</sup> at the Clintonville Woman's Club. If you are planning to attend, you must RSVP by November 26<sup>th</sup> so we can let them know exactly how many people will be coming and how much food to prepare. Please see all of the details and information about the Christmas Party in this newsletter.

That's it for now, so get out there and get your Christmas Shopping started!

*Allan*

### Upcoming Club Auction!

Club members Ed & Karen Feeny have restored their 1931 Pickup Truck. After the restoration, they had a pile of good, used parts left over. They have graciously donated these leftover parts to the Scioto Model "A" Ford Club to be auctioned off to our members and help raise money for our club. If you purchased these parts new, it would cost over \$7,000. The upcoming auction will be held in April at our regular club meeting. This meeting will take place at Dan Bickley's garage. We will keep you posted as we move into next year! Thank you, Ed & Karen for your generosity.

# UNION COUNTY

## COVERED BRIDGE TOUR

On the 19<sup>th</sup> of last month, Steve & Jaci Rohner led the club on our final tour of the season. The tour took us throughout Union County to admire their covered bridges and enjoy the beautiful foliage of fall. The weather couldn't have been any better with sunny skies and just a hint of fall in the air. On this tour, we ended up with 11 Model "A"s and 35 people in attendance. After touring the back roads throughout the county, we headed into Marysville for lunch. We stopped at Benny's Pizza Pub & Patio. While there, the

owners took pictures of our cars and immediately posted them on their Facebook page. They wanted to let their followers know that we were in town and to come over and check out our cars. After lunch, we stopped down the street at Eda's Italian Ice for dessert. This tour was the perfect ending to a great touring season. A big "THANK YOU" goes out to Steve & Jaci for putting it all together for us.

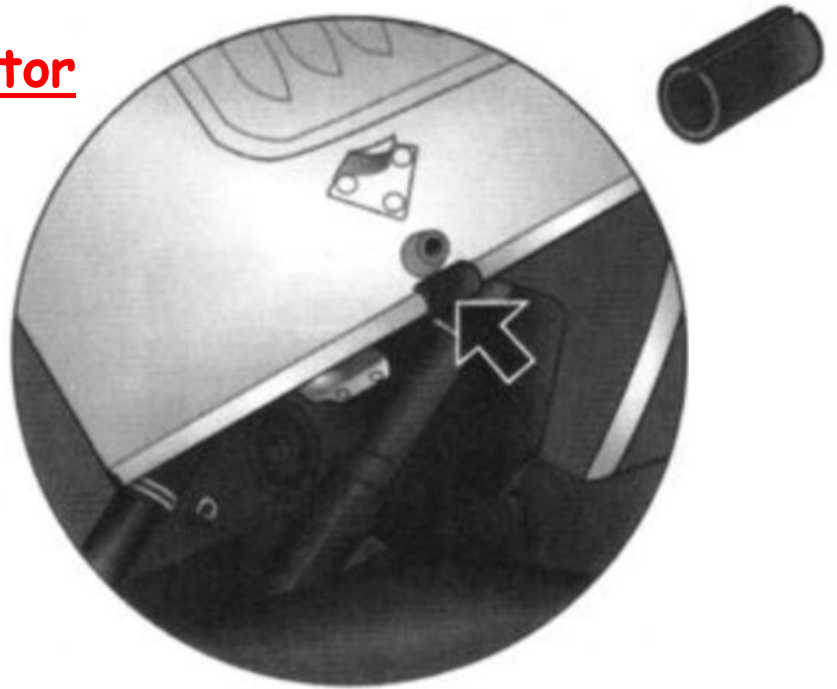

## BACKYARD TECH TIP

### Hood Anti-Chip Protector

A very simple solution to the problem of chipping the paint on your hood when latching the hood down with the hood handles is to cut four one-inch or two-inch lengths of fuel tubing, which are then cut length wise as shown. Slide the tubing over the rolled lower edge of the hood and secure in place with a dab of silicone.

### “A” Word on Fashion

The fashion industry underwent many changes during the thirties in response to the severe economic hardships of the time. Factory-made garments (what we now refer to as “ready-to-wear”) became popular because clothing could be mass produced for far less than made-to-order custom garments. The insurgence of ready-to-wear fueled the buy at home catalog market. During this era, zippers became a staple in finishing a garment – they cost less than buttons! Less expensive fabrics, “rough” or “peasant” fabrics and cotton became more widely used. In fact, nubby, textured, crepe, or crinkled “rough” fabrics became a trend, “the rougher the smarter!” declared one catalog, particularly for day dresses, skirts and coats.

Presenting  
The  
FLAPPER of the MONTH

This month we feature Canadian-born Marie Prevost, born Marie Bickford Dunn on November 8, 1896. Discovered by Mack Sennett in 1910, she appeared in dozens of short comedy films. In 1922 she signed with Warner Bros. After being let go by Warner Bros. and the death of her mother in 1926 along with the failure of her marriage in 1927, she suffered depression. She began to abuse alcohol and binge eat, resulting in weight gain that made it difficult for her to secure acting jobs. Her last onscreen appearance was in 1936. After years of drinking, Prevost died of acute alcoholism at the age of 40 in January 1937. Prevost's estate was valued at only \$300 since she had squandered most of her earnings.
