Hello Everyone!

Welcome to the Dog Days of Summer!

We have been quite busy, including a lovely tech meeting at Nate Davis's home, a very scenic drive to the bicycle museum hosted by Wayne Davis, car shows and just getting our old cars out and about and enjoying them!

I'd like to welcome our newest member, Bill Blake. We hope to see you at one of our events real soon!

Please be patient with our club calendar. There is some shuffling around and holes to be filled, but we are working on it. All of the August dates and locations remain the same, so check the calendar. Also, keep your eyes open for any new locations that you think would make a nice tour and that the Scioto Model "A" Ford Club would like to visit. There's so much to see and do out there.

Stay cool and drive safe!

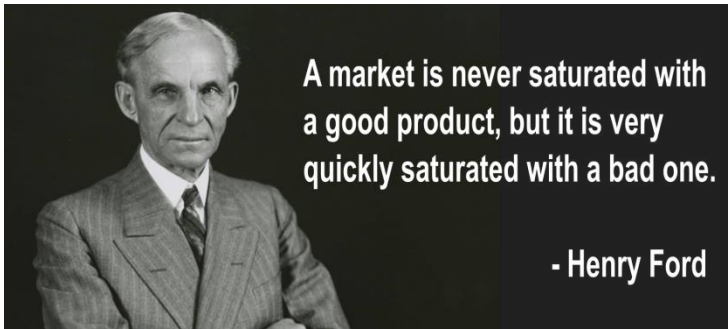

Ahooga!

Jaci

On Friday, August 26th, Harry Spieker will be leading the Scioto Model "A" Ford Club on a trip up to Jackson Center, Ohio to tour the Airstream Factory. We will meet at 9:30 a.m. at the Der Dutchman parking lot, located at 445 South Jefferson Avenue in Plain City, Ohio. We will be leaving there at 10:00 a.m. sharp. We will head up to the Heidout Restaurant, located near the Airstream factory, for lunch. After lunch, we will head over to the factory where we will have time to take a walking tour of the Airstream Heritage Center. At 3:00, we will take the Factory Tour. This will last about one hour. The cost of the tour is \$3.00 for seniors and \$2.00 for military. This is sure to be a very interesting tour, getting to see first-hand how the legendary Airstream trailers are assembled. Be sure to mark your calendars and save the date!

Our Next Meeting

DATE: August 3rd, 2022

TIME: 7:00 pm

PLACE: Howard Turner's Garage

LOCATION: 4191 Fredericksburg Ave,
Columbus

TOPIC: Adjusting Your Brakes

DIRECTIONS:

1. Take I-270 around to the west side of town to Exit 5 (Georgesville Road).
2. Take Georgesville Road north to Clime Road.
3. Go east on Clime Road to Savannah Drive.
4. Go north on Savannah Drive to Fredericksburg Ave.
5. Go west on Fredericksburg Ave.
6. Howard's place is the first house on your right.

Additional Information:

It's dessert night, so bring a dessert to share and a chair to sit on.

July Tech Meet

On July 6th, the Scioto Model "A" Ford Club held their monthly Tech Meet up in Granville, Ohio. We met at Nate Davis's Garage. Nate is the son of our Vice President, Wayne Davis. Once again, we had a great turnout. We were also joined by a few members from the Model "A" Drivers of East Central Ohio Club. After President Rohner completed the business portion of the meeting, the 50/50 drawing was held with Jim Zimmer winning the pot. The membership was provided pizza and drinks. We spent the evening going around the room learning a little bit about each member. It appears that our club consists of members with a huge amount of talents. A big "Thank You" goes out to Nate for allowing us to meet at his garage and to Wayne for coming up with such a great topic. Our next meeting will be held at 7:00 p.m. on Wednesday, August 3rd, at Howard Turner's garage located in Columbus. This will be dessert night! Everyone is encouraged to bring a dessert to share. The topic will be "Adjusting Your Model "A" Brakes". You won't want to miss this delicious night.

FROM THE DESK OF

Pat Liston

SECRETARY

Secretary's Report for July

President Jaci Rohner thanked Wayne and Nate Davis for hosting our July Tech meeting. She also thanked them for the pizza they provided for the membership. Jaci reminded everyone that our next meeting will be at Howard Turner's Garage at 7:00 p.m. Howard's garage is located at 4191 Fredericksburg Ave., Columbus, Ohio.

She then welcomed a couple of visiting members from the Model "A" Drivers of East Central Ohio Club. She also thanked Spencer and Jenni Cheek for all the challenging work they did to make our Holmes County trip the success that it was. Everyone had an enjoyable time. She then informed the membership that our news editor lost his father the Sunday we were returning from our Holmes County trip. She expressed condolences from the club. We will all be keeping Allan in our prayers. She also announced that they are looking for Model A's at the Ohio Theater on the 21st and 22nd of July for their Silent Movie Nights. Those of us that participate and park our cars out front will get free tickets for the evening's performance.

Vice President Wayne Davis reminded everyone that on the 16th of July we have a tour to the American Bicycle Museum. We will be meeting at Der Dutchman in Plain City at 9:00 a.m.

Sunshine Director Kathy Bickley gave an update on Lou Ardit who turned 102 on July 5th. He had been in the hospital with a bout of phenomena and was recovering slowly. He would appreciate cards and phone calls. We were all shocked to learn that he had drove himself to and from the hospital. She also informed us that Bill Minor was in the hospital and then turned it over to Winnie Minor for an update. She said that he should be well in a matter of days, but they are in a "wait and see" status now. Please remember, if you know of anyone who is sick, in the hospital, etc., be sure to let Kathy know so we can have get well or sympathy cards sent as needed. Thank you Kathy.

Secretary Pat Liston reminded everyone to pick up a new roster before they left. She did not reread June's minutes as they were in the newsletter that was just received by everyone. Pat also explained that she brought a cake to celebrate everyone's birthday for the month of July. So, we had cake with the pizza Wayne and Nate provided.

Harry Spieker reminded everyone that we have a tour of the Air Stream Museum coming up on the 26th of August. We will leave from the Der Dutchman in Plain City (445 S Jefferson Ave.) at 10:00 a.m.

Our President then turned the meeting over to Wayne Davis. He spoke about how someone gets a Model "A" and they do not know how to keep it running. They are told to join a club, buy the bible manuals, and watch the YouTube videos by Paul Sheen. Do they get good advice? Does joining a club help? How do we get these people into the hobby to keep it going? We need to know each other better, share what our talents are, and share any issues or problems. He also expressed what he wanted to happen for the rest of the evening. He wanted everyone in the room to give a two-minute overview of who they were, how or when they got interested in Model "A"s, how long they have worked on them, what expertise they may have with a Model "A" and if they would be

willing to help other members with their cars. He felt it would be a fantastic way for members to get to know each other. Coming to meetings and remembering people's names does not mean you actually know them. So that is what we did. It made the meeting really interesting. It will take me some time, but I plan to pull the information together. The thing that stood out was that most people were agreeable to help fellow members with their cars. Most people felt the club was more about getting to know people and developing friendships than about the cars themselves. Also touring together and the fun they have doing so.

On July 16th we went on a tour to the Bicycle Museum of America in New Bremen, Ohio. We were glad to see eight Model "A"s and five modern cars take the trip. There were 21 members in attendance. We had some heavy rain in the morning, but it turned out to be a nice day after all. Wayne had a very nice route set up for us, including crossing a couple of covered bridges. The countryside was beautiful and the museum was full of interesting bicycles, including some that were used in war. We had lunch at Bolly's, around the corner from the museum and had ice cream in Anna, Ohio on the way home. All in all, we had a great trip. Thank you, Wayne Davis, for such an interesting tour.

Please see the calendar below for more to come.

THE BICYCLE MUSEUM OF AMERICA

On the 16th of last month, Wayne Davis led the Scioto Model “A” Ford Club on a tour up to New Bremen, Ohio to visit the Bicycle Museum of America. Although the weather was not cooperating at the beginning of the tour, it didn’t deter our membership. We pulled out of the Der Dutchman in Plain City during a downpour with eight Model “A”s and 23 people in tow. By the time we reached the Bicycle Museum, the weather had cleared and it turned into a beautiful afternoon. On the way to the museum, Wayne led us through a couple of covered bridges. At the museum, we got a guided tour around the first floor. After checking out the museum, we went a couple blocks down the road and enjoyed a good meal at Bolly’s Restaurant. On the way back home we made one more stop at the Track Side Treats in Anna, Ohio for some ice cream. This was one of the longer one-day tours our club has taken. A big “Thank You” goes out to Wayne for putting the tour together for all of us. It was a great time and a lot of fun, rain and all!

MAFFI Newsletter Minute

July 2022, there were some statements made at the Morgantown, Pennsylvania MARC National Meet that because Model "A" Days had been made a 2-day event there was some additional interest in attending. Here is something for people who think along those lines. If you would be interested in a 3-day event, start your visit to the Gilmore at Hickory Corners, Michigan on the Thursday, September 15th. This is the day before the Model "A" Days start. The Durant Motors Automobile Clubs Central Region will have a group tour to the Gilmore campus on that day. Their group consists of 30-40 people who will be bringing 15-20 supported cars such as a Durant, Star, Rugby, Flint, Frontenac, De Vaux, Dort, Durant era Locomobile and some Continentals onto the campus. Their visit will last about 4-5 hours starting around 10:00 in the morning.

We Have a New Member !

I would like to welcome our newest member to the club, Bill Blake of Delaware, Ohio.

Welcome to the Club !

Silent Movie Nights

After a couple cancelled seasons of the CAPA Summer Movies Series, it is good to have them back. And once again, their summer series included a silent movie. This year's silent movie featured Buster Keaton in the 1923 production of "Our Hospitality". For those of you unfamiliar with the Silent Movie Nights, they are a real treat for our club members. They were held on July 21st & 22nd at the Ohio Theatre in downtown Columbus. On those two nights, they reserved parking spaces directly in front of the theatre for our Model "A"s. They also give you free tickets to the movie just for bringing your Model "A". Not only do they show a silent movie, it is accompanied by organist Clark Wilson. The Ohio Theatre was built in 1928 specifically for showing silent movies. Walking by a group of Model "A"s when entering the Ohio Theatre to enjoy a silent movie along with organ music is as close to stepping back in time as you can get. When the movie was over, everyone stood under the huge marquee and watched us as we fired up our "A"s. We then drove off to the sound of a thunderous applause from many appreciative spectators. It was truly a memorable evening for all!

3 MAGNIFICENT DAYS TOURING MICHIGAN'S UPPER PENINSULA IN YOUR MODEL A!

Model "A" Youth News!

The MARC Adirondack A's Region out of Scotia, New York has a wonderful youth program that could be used as an example for every Model "A" club in the country. The Adirondack A's Youth Program was started in 2009 with the complete restoration of a Model "A" Ford Huckster. Several 13-16 year old youths, under the supervision of club mentors, worked together several Saturdays over the winter disassembling the truck, rebuilding the engine, transmission, rear end, brakes and other components. The cab, frame, fenders, and other body components were stripped of paint, repaired, rebuilt, and repainted. The Huckster is now used by the Adirondack A's as a support vehicle for club events and tours. It is also used to attract new candidates for future restorations.

BACKYARD TECH TIP

IS YOUR FUEL LINE SAFE?

Model "A"s originally came with a one piece steel fuel line from the glass sediment bulb to the carburetor. This one piece steel fuel line provides safety & durability. Over the years, some Model "A" owners have replaced the original steel line with copper tubing. Copper tubing should never be used for a fuel line in a Model "A". Over time, copper tubing will become brittle and engine vibration will cause it to crack and fracture. Cutting the steel line and inserting a rubber hose should never be done as well due to the proximity of the fuel line to the manifold. Heat from the manifold could easily melt the rubber line. In this case, Henry got it right. Stick with the proven winner.

"A" Word on Fashion

"BLOOMER" KNICKERS

Schoolgirls wore bloomers, a softer form of knickers, in school as well as part of their gym uniform. Black or navy boomers with a Middy top had already been in fashion for girls for a decade or more. It stayed on trend into the 1930s.

One woman as a schoolgirl in the mid-1920s recalls, "The girls all wore middy blouses rolled up at the sides and pinned to look more in style. We also wore sateen

bloomers in blue, red, green or purple, they were tightly fitted below the knees with an elastic cuff. Oftentimes on hot afternoons in our country school, one girl would snap an elastic cuff, then another girl would snap hers. Pretty soon, the snap-snap-snapping sounds were coming from every desk!"

vintagedancer.com

Presenting
The
FLAPPER of the MONTH

This month we feature Carol Dempster. Carol was born in Minnesota in 1901. She was discovered by director D.W. Griffith. Griffith gave Dempster her first role in 1916 and he continued to cast her in nearly every one of his films throughout the 1920's. He provided her with professional acting and dancing lessons, grooming her to become his leading star from 1918-26. She had a lengthy relationship with Griffith while he was estranged from his wife. The other actresses in Griffith's stock company, particularly Lillian Gish, Dorothy Gish, Miriam Cooper and Mae Marsh, detested her because she mimicked their acting styles rather than developing a style of her own. This resentment grew when Griffith, who had become obsessed with Dempster, turned away from his stock actresses because he thought he now had a little bit of all of them wrapped up in one package. In 1926, Dempster acted in her final film. Dempster then retired from the screen to marry wealthy banker Edwin S. Larson. Dempster died in La Jolla, California, in 1991 at the age of 89 from heart failure.

THE END
