Cover Photo

This month's cover photo was taken last month on the Shawshank Woodshop Tour. It features President Ruede's 1930 Ford Model "A". FYI...the puddle under the radiator was already there when he arrived!

The Chief's Corner

Hello Everyone,

I hope all of you are keeping cool with all of this heat.

Thanks to Wayne Davis for hosting us at his garage for our last Tech Meeting. Wayne presented a good talk on "What can go wrong on Tours and Outings" and why these potential problems should not stop you from getting in your Model "A" and going on a tour with the club.

Another "Thank You" goes out to Dan and Kathy Bickley for planning our tour to the Shawshank Workshop. The Workshop was a very interesting place to visit. We had a great lunch afterwards and as always, some good ice cream!

I'm looking forward to seeing everyone at the next Tech Meeting on August 6th at Howard Turner's home.

Your President,

Mike

Pickaway County

Poker Run Tour

Mark your calendars for the August 16th tour, which has been planned by the Rohner's and the Cheeks. This tour will consist of a 45-mile trip through the scenic backcountry of Pickaway County, with a few stops along the way. A poker run is being instituted in this tour, with a guaranteed prize for the winner at the last stop. One of our stops will be at a U-Pick flowers (bear with us guys), along with a chance to explore some of Circleville's other unique establishments. For example, we will be making stops at Wittich's Candy Shop, which was established in 1840, Lindsey's Bakery (best donuts around, especially their pumpkin donuts), and JoyHouse Coffee. We will also be stopping in downtown Circleville to admire the lovely painted murals. This tour will include a picnic lunch at the Ted Lewis Park, so be sure to pack a lunch and bring something to drink. You may also want to bring a chair to sit on. And of course, we will be ending the day with a stop for ice cream.

This tour will be departing from Pettit's Market at 10:00 a.m. on Saturday, August 16th. Pettit's Market is located at 10901 Welch Road in Commercial Point. There is a Cars & Coffee event held there every Saturday morning, starting at 9:00 a.m. You may want to come early and check it out before the tour begins. Pettit's Market also offers gas, ice, pop, clean restrooms, breakfast sandwiches, etc.

Since this is the first Poker Run that our club has done, there are sure to be a few surprises along the way. Everyone is encouraged to participate, sit back, relax, and enjoy what they have planned for us "Outside the Box"!

See you on the 16th in Pickaway County!

Our Next Meeting

DATE: August 6, 2025
TIME: 7:00 p.m.
PLACE: Howard Turner's Garage
LOCATION: 4191 Fredericksburg Ave.
Columbus, Ohio
TOPIC: Model "A" Water Pump

DIRECTIONS:

1. Take I-270 around to the west side of town to Exit 5 (Georgesville Road).
2. Take Georgesville Road north to Clime Road.
3. Go east on Clime Road to Savannah Drive.
4. Go north on Savannah Drive to Fredericksburg Ave.
5. Go west on Fredericksburg Ave.
6. Howard's place is the first house on your right.

ADDITIONAL INFORMATION:

1. Be sure to bring a chair to sit on.

October 7th – 10th	Hershey Eastern Fall Meet, Hershey, Pennsylvania

Silent Movie Nights

This year, our club will once again take part in the CAPA Summer Movie Series Silent Movie Nights. On August 14th and 15th, all club members are encouraged to drive their Model "A"s downtown to the Ohio Theatre, located at 39 East State Street. On both nights, they will reserve parking at their front door for our Model "A"s. You should plan on arriving around 6:00 p.m. Parking is limited, so we may also be parking directly across the street. Organist Clark Wilson will provide pre-show entertainment starting at 7:00 p.m. The movie will begin at 7:30 p.m. This year's silent movie will be the 1923 production of "Safety Last" featuring Harold Lloyd. They will also be showing a Laurel & Hardy short. All club members bringing their Model "A" will be provided free admission to the movie. Club members may attend both nights if they choose. This is the perfect place to showcase our old cars under the lights of the historic Ohio Theatre marquee. If you have never attended this event, I strongly encourage you to participate in it this year. Be sure to mark your calendar and plan to attend the Silent Movie Nights at the Ohio Theatre!

SOUTHERN A FORD CLUB

25TH ANNIVERSARY

On Saturday, August 23rd, the Southern A Ford Club will be celebrating their 25th anniversary. They have invited the Scioto Model "A" Ford Club to come join in on the fun. The Southern A's will be celebrating this milestone down on Don Mink's farm in Gallipolis, Ohio. Steve & Jaci Rohner will be leading our group down to the farm. We will be departing promptly at 9:30 a.m. from the Marathon Station located directly across from Scioto Downs. The address is 5991 South High Street, Columbus. We will make a fuel stop and take a restroom break on the way down in Chillicothe. Everyone is to bring a covered dish, your own tableware, and a chair to sit on. The Southern A's will be providing additional food and homemade ice cream. There will also be a live band for entertainment. For those of you that have never been down to the Mink Farm, this is a rare treat that is always a good time with plenty of food, fellowship, and fun. You will also have the opportunity to drive your Model "A" through a creek and get plenty of great pictures. Mark your calendars today and save the 23rd of August for the Southern "A"s 25th Anniversary Party!

THE SHAWSHANK WOODSHOP

On the 19th of last month, Dan & Kathy Bickley led a tour of the Scioto Model "A" Ford Club to Upper Sandusky, Ohio to the Shawshank Woodshop. The Woodshop is the location where several scenes were shot for the movie "The Shawshank Redemption". Although the weatherman predicted rain all week long, it turned out to be a beautiful, sunny day! The route that Dan & Kathy had chosen for us included several country roads which resulted in a perfect drive for our Model "A"s. A few of our members drove up in their modern cars and met us at the Woodshop for the tour. We also had a visitor from the Penn Ohio Model "A" Club join us. He heard that we were going to be in town, so he brought his Model "A" out for us to see. We ended up with a total of 14 members & guests, and four Model "A"s. After touring the Woodshop, all of us headed over to the Village Restaurant for lunch. Once we finished eating, we had to make one more stop for ice cream at Mike's Dairy Bar. We then said our goodbyes and made our way home. Even though we didn't have a lot of "A"s join the tour, we had a great time and a lot of laughs! A big "Thank You" goes out to Dan & Kathy for putting together such a wonderful tour for us to enjoy!

Club members checking out the woodshop where scenes from the movie were shot.

All of us learning about the making of The Shawshank Redemption.

President Ruede hanging with Morgan Freeman.

Guess who was caught coming out of the Ladies room!

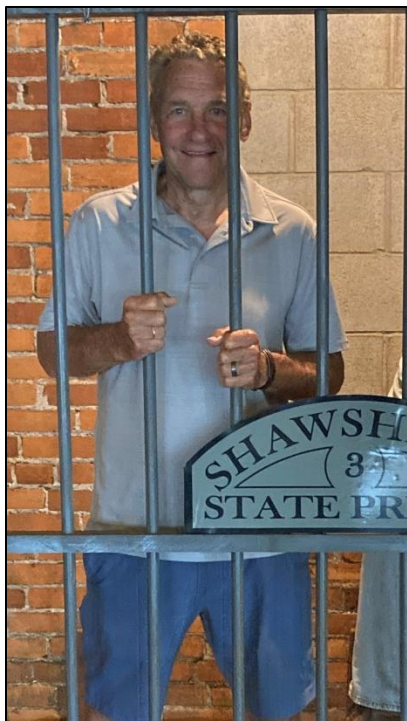

Morgan Freeman sitting in the bus during the movie "The Shawshank Redemption".

Dick Liston sitting in the same seat wishing he was getting paid the same as Morgan Freeman to sit there.

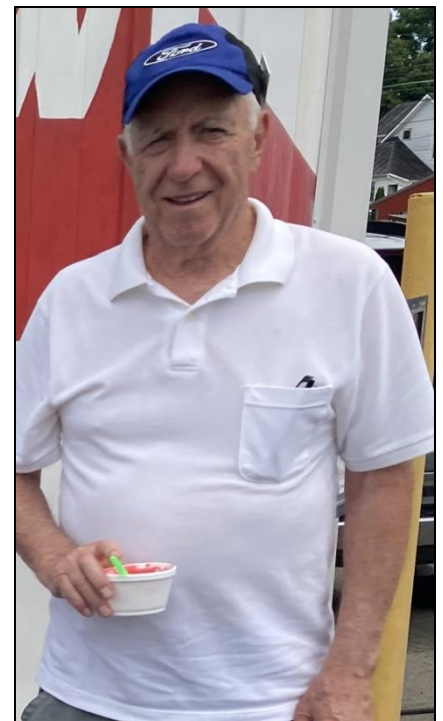

Lunch time at the Village Restaurant.

Trooper Rohner checking out the cell.

Enjoying some laughs at the dinner table.

Howard finishing up his afternoon treat!

A few of our club members outside of the Woodshop.

FROM THE DESK OF

Pat Liston

SECRETARY

July Secretary's Report

A heartfelt thank you to Wayne & Nate Davis for graciously hosting and generously providing refreshments, which we enjoyed before and during the meeting. We did not have any new members in attendance.

We're looking forward to our tour of the Columbus Fire Museum this November! Please note that there will not be a designated tour group for this outing, as many members will already have their cars in storage by that time. We will all meet at the Museum.

Treasurer Spencer Cheek provided an update on our funds.

Secretary Pat Liston presented Bill Minor with his plaque from the MARC mileage program. Bill now has 10,000 miles on his coupe. Congratulations Bill!

Our Sunshine Reporter, Mary Lou, was in attendance. She had a Birthday card and wanted everyone to sign it. Our Dear Member, Lou Ardit, has turned 105 years young. If you know someone in the hospital, preparing for a procedure, or simply in need of a cheerful note, please reach out to Mary Lou. She's always happy to send a kind message their way!

On July 19th, we had our tour of the Shawshank Woodshop. We met at the Dollar Tree parking lot on Route 23 and left 9:15 a.m. We made a quick stop at the rest stop just past Waldo, before continuing our trip to the Shawshank Workshop. There, we had a remarkably interesting tour with a speaker who was well-versed in everything about the Shawshank movie. Our lunch at the Village Restaurant was genuinely nice. We had about thirteen of us all together, and we almost had the whole side room to ourselves. The food and company were great. After lunch, we moseyed over to the ice cream shop where everyone refreshed themselves from the heat with great ice cream. It was a great day, and despite the threat of rain all day, we never saw a drop! Thanks, Dan and Kathy, for another great tour!

The Southern A's Model "A" Club is celebrating its 25th anniversary this year. They are planning a summer picnic to celebrate this special occasion. The Scioto Model "A" Ford Club has been invited to join them in honor of this milestone. The date is set for Saturday, August 23rd. It will be held at Don Mink's farm just outside of Gallipolis. There will be a band playing for our enjoyment, and homemade ice cream. Please bring a covered dish of your choice and a folding chair. This will be the same format as in years passed. Steve and Jaci Rohner will lead our group down to the farm.

(continued)

More details will be posted in the future. We want to have a good turnout to support our sister club in Southern Ohio. Be sure to mark your calendar for this special event. Feel free to drive your modern car if you're not able to bring your Model "A". Our meeting location will be the Marathon Station at 5991 S. High St., across from Scioto Downs. We plan to leave there at 9:30 a.m. We will head out southbound on US 23 and make a pit stop in Chillicothe for a restroom break and fuel stop at the Speedway Station. Don's Farm is located at 5371 Bulaville Pike in Galipolis, Ohio. Hope to see you there.

Our next Tech Meeting will be on August 6th at 7:00 p.m. We will meet at Howard Turner's Garage. His garage is located at 4191 Fredericksburg Avenue in Columbus. Bill Minor will speak about rebuilding the Model "A" water pump. We always look forward to Bill's wealth of knowledge.

As I am writing this we have not had our Fun Model "A" Day which will occur on July 26th. We will meet at Dick Liston's Garage at 11:00 a.m. for a fun day of driving our "A"s and other members' "A"s on his property and having a picnic (weather permitting). This is a clever way to see if your car runs anything like someone else's car and how to fix any differences. The location is 751 South State Route 605 in Sunbury, Ohio. Please bring a dish to share and a chair. It should be a lot of fun.

Have a Great Day!

Get Your Free Membership Here!

Did you know that we have a points system in place that allows you to earn a free membership? Let's explain...

Points are awarded in the following manner:

- One point shall be awarded if you attend a tech meet or points event.*
- One point if you drive your historical vehicle to a tech meet or points event.*
- Two points if you host or provide or arrange a place to hold a tech meet.*
- One point if you give a presentation at a tech meet.*
- One point if you provide refreshments at a tech meet or points event.*
- One point if you recruit a new member.*

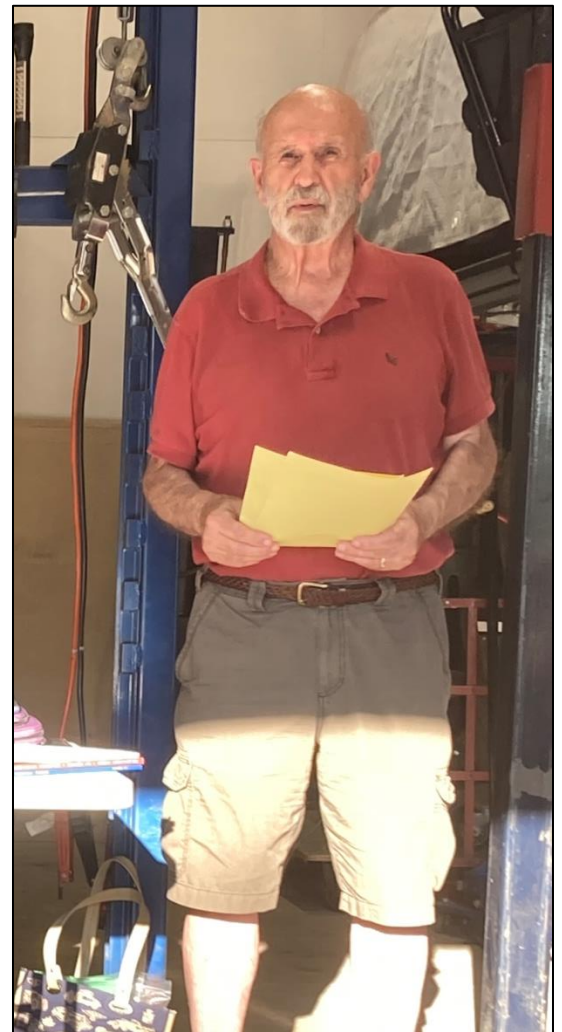

Once you reach 16 points, you are entitled to a free membership! That's it!

Also, please know that there are no guidelines as far as refreshments if you host a tech meeting. Simple is good, however, if you are so inclined to provide a little more, always know that the club will reimburse you for your expenses. Just give your receipts to our treasurer. You are very much appreciated.

July Tech Meet

Newsletter Editor
Scioto Model "A" Ford Club

Last month, on July 2nd, the Scioto Model "A" Ford Club held their monthly meeting at the Davis garage in Granville, Ohio. President Ruede called the meeting to order with around twenty members present. There were also seven Model "A"s at the meeting that night. After going through the usual business items, the 50/50 raffle was drawn. Winnie Minor was the lucky winner of twenty dollars! After that, Wayne Davis talked about what can go wrong while on a tour. He also went through a list of items that we may want to carry in our cars while touring. A big "Thank You" goes out to Wayne and his son for letting us meet at their garage, providing pizza & drinks for the membership, and doing a presentation! It was greatly appreciated. Our next meeting will be held on August 6th at Howard Turner's Garage located at 4191 Fredericksburg Avenue in Columbus. Bill Minor will be giving a presentation on the Model "A" water pump.

"A" LOOK BACK

Over 65 Years of Fun!

These pictures are from December 19th, 1965. They were taken at the Scioto Model "A" Ford Club Christmas Party. The party was being held at the Prairie Norton School. It appears that the newly elected Officers were introduced and posed for a picture. They were also doing the long standing tradition of passing Chief Scioto for safe keeping from the outgoing President to the incoming President. It sure looked easier back then when they just passed the bust of Chief Scioto instead of bust and the huge base that it now sits on.

Newly elected President Paul Clements is receiving Chief Scioto from the outgoing President, Fred Kerns.

This picture features some of the 1965 Officers with the newly elected 1966 Officers. Starting on the left is the outgoing Secretary/Treasurer Gary Potter, the incoming President Paul Clements, incoming Vice President Bill Brex, incoming Secretary/Treasurer Otto Lindenvolt, and the outgoing President Fred Kerns. This appears to be a peaceful transfer of power.

Model "A" Youth News!

Getting the Younger Generations into the Model "A" Hobby

(Part Two)

As I reported last month, we had two cars that were donated by Greg Foster that he wanted to get back on the road and into the hands of the younger generation. I am happy to report that we found a home for both cars.

During the MARC National Meet in Asheville, North Carolina, I discussed with our club members the need to get these cars back on the road and fulfill the donator's wishes. By the end of the meet, we had two candidates for the cars. The two candidates were 15 year old Connor Jackson, the grandson of club members Dwight and Glenda Jackson, and 21 year old Peyton Price, the daughter of club members Karsen and Everett Titus, and granddaughter of Claude Palmer. We met with the potential new owners and found their excitement and support/mentor structure enough to immediately move forward. We proceeded to get the titles transferred and delivered one of the cars to its new owner. The second car went to a club member's shop that we occasionally work out of to perform some detail work to make it roadworthy.

With the two new youth Model "A" owners and my son Jon, we now have three youths who have Model "A"s. We scheduled a youth-led day tour for Saturday, November 30th, which featured each of these three youths leading a portion of the tour. I can't imagine anything more fun than having two 15 year olds and a 21 year old leading a day tour for the Queen City Model "A" Club. There was a lot of work to get those cars ready for the tour and not a lot of time. We also needed to get the new owners trained in driving their Model "A"s!

Once again, a big "Thank You" goes out to Greg Foster for his generous donation and helping to keep our Model "A" hobby alive for another generation to enjoy!

Troy Dalsing
Queen City Model "A" Club

"A" Word on Fashion

fitnyc.edu

Children's Wear

Even children's wear was not left untouched by the boom in the film industry in the 1930s. As men turned to Fred Astaire and Clark Gable and women to Greta Garbo and Vivien Leigh, little girls (and their mothers) looked to Shirley Temple. Shirley Temple's little girl style made an indelible mark on 1930s culture. Her party dresses with layers of petticoats influenced formalwear while collared and smocked shift dresses were easily emulated on a day-to-day basis. Contests saw young girls turned out in their best dresses and Shirley Temple ringlets. Even today, when 1930s children's fashion is mentioned, your mind probably jumps to Shirley Temple, such was her influence on the enduring image of little girls during the Depression.

Picnic, Potluck, & Putt Around

Last month, on the 26th of July, the Scioto Model “A” Ford Club got together at Pat & Dick Liston’s Garage for our first Picnic, Potluck, & Putt Around. This idea was conceived back in January when the club held a planning meeting for 2025. It was mentioned that many of our members have never drove a Model “A”, other than their own. Because of this, they have nothing to compare their vehicle to. It was decided that we would get together and drive each other’s car and compare them. We decided to have a picnic and potluck as well. Pat & Dick Liston offered to host the event. We had a total of eight Model “A”s, half of them belonging to Pat & Dick, and thirteen members for the event. Even though it was extremely hot that day, we still had a lot of fun. There was also plenty of good food for everyone. After lunch, we jumped in the Model “A”s and puttied around on the Liston property, driving each other’s vehicles, and noticing the differences in each one. They may all be Model “A”s, but each one has its own uniqueness. We even had three ladies, Pat Liston, Mary Lou Gearhart, and Sheri Noecker, get behind the wheel of a Model “A” for the first time and drive them around the property. Congratulations Ladies! After playing in the cars, we all took a break in the shade and enjoyed some peach ice cream! Thank you, Pat & Dick, for hosting this fun event! It provided some memories for each of us that we won’t soon forget!

The line-up of Model “A”s, ready to roll!

Dick fired up his trains for us to enjoy!

Mary Lou on her maiden voyage!

Dave & Mary Lou hanging out on the running board.

Club members keeping cool and enjoying some fellowship in the shade.

BACKYARD TECH TIP

SETTING THE GAS ADJUSTING VALVE

Alan Jeffree
Western Model "A" News
& Model-A.org

The Gas Adjusting Valve (GAV) provides a manual adjustment for additional gasoline to the Cap Jet, bypassing the metering effect of the Compensator Jet. The carburetor was designed slightly lean to allow for high altitude driving and, with the GAV, is able to provide additional fuel as needed. This extra fuel is normally needed when the vehicle is cold and at low engine speeds.

With the engine stopped, turn the choke rod clockwise until it stops. You will notice where the little raised marker is pointing. Then turn it counter-clockwise about one turn if the engine is cold, for startup. Turn it only a half of a turn if the engine is warm. After a few minutes running, try turning it clockwise, then counter-clockwise, until the engine runs smoothly and the engine revs without faltering.

Each carburetor has different amounts of wear, so experiment a little at a time so that your Model "A" runs and performs at its best. Some will even run closed when hot! You should have it somewhere between closed (clockwise) and one turn open under normal driving conditions.

"A" WORD FROM THE EDITOR

Welcome to August! We are in the middle of the Model "A" touring season. All it takes is a quick look at our "Calendar of Events" to see that this is one of our busiest months of the year. Not only do we have our monthly meeting scheduled, we also have the Silent Movie Nights, the Southern "A"s 25th Anniversary Picnic, and a Poker Run down in Pickaway County. There is something for everyone to enjoy this month. If you want to get together during the middle of the week and have some fun with your Model "A" buddies, I suggest that you head over to Howard Turner's garage in Columbus for our tech meeting. If you want a night out on the town and enjoy a short drive in your "A" at the same time, you need to come downtown to the Silent Movie Nights. You have two dates to pick from. If you want a little longer drive, than the Poker Run on the 16th is for you. This is the first poker run our club has done, so there are sure to be some surprises. It will consist of a picnic and a 45-mile drive throughout the back roads of Pickaway County. If you want something a little longer, then I suggest the Southern "A"s Anniversary Party in Gallipolis. This is always a good time with old-fashioned fun down on Don Minks Farm. Those Gallipolis ladies know how to cook! It features a potluck dinner, boys pickin' their guitars, and homemade ice cream. You even have to drive through a creek to get to the farm house! I hope to see each of you at one of these events this month!

NATIONAL NEWS & EVENTS

The Model A Restorers Club, Inc.

THE *running* **BOARD REPORT**

**From Tom Hovetter, President and Jim Zimmer, Director of Regions
July 2025**

MARC's Gettysburg National Meet this year is now behind us. We had more than 300 registrations, many informative seminars, Special Interest Group meetings, tours, car judging, and great food at the welcome party, grand tour, and awards banquet. More details and plenty of pictures are coming in the next Model "A" News. Thanks to Tom & Janora Hovetter and the Gettysburg Region for hosting this great event.

Also, don't forget that we have a special Finger Lakes tour in the pipeline for next May and another great National Meet scheduled for next July in French Lick, Indiana. We expect both to be jam packed with fun filled activities, so plan to attend. We still need Regions to step up and volunteer to host future events! Your Board of Directors will gladly help you plan a tour, meeting, or a national event. Contact any MARC Director please.

Remember that the online version of the Model "A" News is always available for viewing by the first day of every even month (February, April, June, August, October and December). Going forward, we will communicate availability on Facebook only.

Can you imagine that Adina Cloud, representing the French Lick Resort and a MARC member, won the 50/50 drawing at the closing awards banquet and then contributed the winnings to the Model "A" Youth Restoration Awards? Then, Tom Hovetter and the Gettysburg Region donated the other half, \$2,000, to MAYRA!

Remember that MARC has a special membership offer for youth, 18 - 25, not living at home. They can get a FREE membership with a sponsor, digital Model "A" News only, and all of the other benefits of full membership. Contact the office for details. Let's get those young people signed up!

MAFFI Minute

July 2025

This month I thought I'd share a bit of the history to be found in the museum at Hickory Corners, where the very first Model "A" is housed, and to whet your appetite to visit and see all the history found there along with the completed museum expansion. Model "A" Days are September 18 - 20, 2025. Join us!!

A Few Facts About the First Model "A"

Serial Number: 1

Body Style: 1928 Ford Model "A" Tudor changed to a Phaeton

Motor: 4 Cylinder, 201 CID, 40 HP

Brakes: Mechanical

Transmission: 3-Speed Manual, Non-Synchronized

Body: Ford Motor Company

Maximum Passengers: 5

Electric: 6-Volt Battery w/positive ground

Tire Size: 450-21

Fuel Capacity: 10 Gallons

Weight: 2,212 pounds

Cost: Free (Gift to Thomas Edison)

This car was the first 1928 Ford Model "A" produced. It was assembled on October 20, 1927 and given to Henry Ford's best friend Thomas Edison. It was originally a Tudor Sedan, but Edison preferred an open car. Ford had the Tudor body replaced with a Phaeton body. Outside door handles were not produced for the early Model "A" cars. With the existing changes to the car, a restoration process was never attempted. Photos of Ford stamping number "1" on the engine are available. Ford told Edison that his name would always be with the Ford name and in the logo for Ford since the cross in the letter "F" forms a letter "T" in the distance. The swirl on the end of the cross forms the top of the letter "E" with the letter "O" forming the bottom of the letter "E".

VEHICAL APPRAISAL

Color: Black & Maroon

Interior: Gray Mohair

Special Features Added:

Trunk & Trunk Rack on rear bumper

Engine/Compartment: Grade #2+

Original 4-cyl with updraft carb coupled to 3-speed manual transmission.

Radiator is original style and appear to be leak-free. Electrical wiring is original cotton covered as designed by Ford.

Generator has been updated to an alternator. Hoses, belts and gas lines are all in good condition. Compartment is clean and detailed.

Chassis: Grade #2

All of the chassis suspension as originally designed and in good condition. Single exhaust appears solid without leaks. 19" wire spoke wheels are all matching with Goodyear tires that have good tread depth. No excessive grease or oil leaks were noted. Undercarriage is fairly clean for a Driver Car.

Interior: Grade #2+

Interior paint is in excellent condition. Seats are covered with a Gray Mohair which is in very good condition. Gray headliner is well installed without any sagging. Fabric on doors is in good condition without rips or tears clean. Dash panel is original and correctly finished. Door handles, emergency brake, gear shift are all properly polished and finished.

Exterior: Grade #2+

Maroon & Black paint is as was designed in 1930 and still in very good condition. The glass is without separation and no chips or cracks. All bright metal is in good condition. Body is straight with all doors & hood fitting very well.

SUMMARY

This Town Sedan has been owned by the same person for a number of years and has been well maintained. Was primarily used as a Show Car and a Sunday afternoon drive.

After careful evaluation of this vehicle, based on my expertise and experience (and after consulting Old Cars Price Guide, NADA, Collector Car Auction Results, The Production Figure Book for U.S. Cars, the Internet, reviewing the *International Vehicle appraisers Network* database, reviewing comparable ones, etc. and after consulting with other Professional Appraisers, museums, and automotive experts, etc. when necessary, I appraise (estimate) this vehicle as having a cash value of \$20,300.

Signed Robert D. D. Chame

July 22, 2021

Presenting
The
FLAPPER of the **MONTH**

This month we feature Fay Wray. Wray was born in 1907 in Canada. Her family moved to Salt Lake City a couple years later and eventually relocated in Hollywood. Wray appeared in her first film at the age of 16, when she landed a role in a short historical film sponsored by a local newspaper. In 1925, she appeared in her second film and also in uncredited bit parts at the Hal Roach Studios. She then signed with Universal Studios, mostly co-starring in low-budget westerns. The following year she signed with Paramount Pictures, where she was cast in her first lead role. Wray stayed with Paramount to make more than a dozen films and made the transition from silent films to "talkies". After leaving Paramount, Wray signed with other film studios. Under those deals, Wray was cast in several horror films, including her best-remembered film, King Kong. The film was a commercial success and Wray was reportedly proud that it saved RKO from bankruptcy. After "Kong", she began a slow decline that put her into low-budget action films. In 1939, her 11-year marriage ended in divorce, and her career was almost finished. In 1942 she remarried and retired from the screen. She remained married until her husband's death in 1955. She married a third time in 1971, until his death twenty years later. Wray died in her sleep of natural causes in 2004.
